

ATV Sled-Pull Classes:

1. These are the general classes that may be applied, for the Sled-Pull.
2. It will be based on the number of entries and size, ranges of vehicles participating and present at each event.
3. The cc's generally follow the model of the ATV. Example: LTZ400 is about 398cc.
4. Exception example: Yamaha 200 Blaster but have a 500cc engine. (2w modified 500cc #6)
5. CPATVA Inc. reserves the right to modify or add these classes as needed.

<u>2W (stock)</u>		<u>2W (modified)</u>
